Q5: Do you have any suggestions for topics that future Working With the VCS events could focus on?

- 20 responses (56%)

Particular cohorts of patients e.g. mother and child
Developing joint priority / vision
An e-mail to all on an update on ideas received at this session. So a "You said...we did" feedback
More themed discussions or "challenge" events. "I have a problem/issue...how can you help?"
Making healthcare accessible to all
Regular (quarterly) events like this going forward
More focus on getting to know workers / organisations
How to join the dots - linking organisations and support together
Fitness and physical activities
Children and young people - how we support them to grow up well in North Tyneside
Not at the moment
Formal partnership structure consortium etc
Social action, youth leadership, community sport, education
What can NTCPH learn - training development
Thematic events
Build on this session. Very good focusing on health issues and having GP/health professional input
More detailed health topic sessions
How to have a workforce skilled enough to offer trust and safety without creating new elite experts
How to collaborate on specific events/projects
Health is never ending
