Home Energy Advice North East

Free in-home support tailored to you

Expert support to help you reduce your energy bills and create a warmer home.

We'd all like lower energy bills at the moment, and doing our bit for the planet would feel great too. That's where Home Energy Advice North East can help.

If you struggle to heat your home because of money worries, or because your home is in a rural area, poorly insulated or off-gas, we're here to help with free, impartial expert advice.

What's on offer?

- Simple, clear advice on how to reduce your energy bills
- A free personalised property report including recommendations for energy saving home improvements
- In depth advice from an energy expert about the best options for you and what to do next
- Help and guidance on applying for grants to help with up-front installation costs
- Links to certified local installers who can do the work for you
- Ongoing support to help you every step of the way

Book your free in-home appointment today.
