14 Our Trustees & Staff Team

15 Income & Expenditure and Our Funders

Chair's Report: Dr Ray Lowry

It has been another positive year for VODA and the communities we serve. In a challenging environment for the voluntary, community and social enterprise sector, I have been continually inspired by the dedication of our staff, volunteers, trustees and partners, and by the resilience and creativity of the organisations we support.

This report highlights the impact of collective action, partnership working and community spirit across North Tyneside. Whether supporting local organisations, creating opportunities for residents, or helping communities respond to changing needs, VODA remains committed to building a strong, connected and thriving VCSE sector. I hope you enjoy reading about the achievements and impact highlighted throughout this report.

CEO's Report: Vicky Smith

This year saw the successful completion of the UK Shared Prosperity Fund (UKSPF) Volunteering and Social Action Project, led by VODA, the UKSPF Community Partnerships Programme, delivered by North Tyneside Council with support from VODA, and Help Me Be Digital. Together, these programmes created new opportunities for volunteering, strengthened local organisations, improved digital confidence and skills, and supported communities across North Tyneside. These achievements reflect the dedication of our staff, volunteers, trustees and partners, whose efforts continue to make a lasting difference across the borough.

This year also marked our final year with NT LIFE as part of VODA. Having gained independent charity status in 2025, NT LIFE is now ready to begin its next chapter as a standalone organisation. We are incredibly proud of how the service has grown and developed during its time with VODA and look forward to seeing it continue to thrive.

Alongside delivering services and projects, VODA continued to champion the voice of North Tyneside's voluntary, community and social enterprise sector at local, regional and national levels. I was proud to represent the sector at the Community Wealth Building Summer 2025 event hosted by CLES, highlighting the value of collaboration and the important role community organisations play in building stronger, more resilient communities.

Case Study: EE & BT

VODA's Sector Connector project helps businesses and community organisations work together to create lasting benefits for local people. By matching community need with businesses looking to give back, VODA creates partnerships that unlock skills, resources and volunteering opportunities across North Tyneside. This year, VODA supported EE Tyneside and BT's Gosforth contact centre through their national Community Challenge programme, connecting them with local organisations where they could make the greatest impact. The success of both partnerships was recognised nationally, with EE Tyneside winning first place and BT Gosforth securing third place in the Community Challenge competition.

TRANSFORMING COMMUNITY SPACES: EE

VODA introduced EE Tyneside to Whitley Bay Young People's Centre (WBYPC), creating a partnership that has transformed both indoor and outdoor spaces at the centre, carrying out extensive renovation and improvement work.

Volunteers redecorated rooms across the site, created vibrant mural artwork inside and outside the building, refurbished office space, fitted sound-absorbing panels in the music room, serviced donated instruments and built bird boxes for the wildlife garden. They also constructed a pergola, built wheelchair-accessible raised beds, installed a new polytunnel, planted vegetables, restored a playhouse in the secret garden and completed a wide range of gardening, maintenance and improvement projects.

6,000+ volunteering hours by EE employees

Team EE

> "They did more in a day than I get done in a year!"
> WBYPC

SUPPORTING YOUNG PEOPLE AND RAISING VITAL FUNDS: BT

VODA also connected BT Gosforth with 9th Whitley Bay Scouts, helping establish a partnership that combined practical improvements with fundraising and skills development.

Team BT

> "More colleagues are now using their volunteering time to support local charities and groups."
> BT Gosforth

BT volunteers transformed the Scout Hut through extensive interior and exterior decorating and arranged the installation of brand-new flooring, creating a more welcoming and functional space for young people. The team also delivered digital safety sessions, helping the Scouts develop important online safety skills.

Alongside their volunteering efforts, BT colleagues organised fundraising activities including summer events and sleep-outs.

£6,000+ raised through fundraising activities

Supporting the capacity of the voluntary sector

FUNDING SUPPORT

Access to funding remains vital for community organisations. Through funding advice, application reviews, Meet the Funder events and opportunities shared through our ebulletin, we helped groups secure grants and develop stronger funding plans.

Organisations supported by VODA successfully secured support from a range of funders, including Greggs Foundation, The National Lottery Community Fund, LNER, Garfield Weston Foundation and The Leathersellers' Company. Our funding advisor also supported external programmes such as HAF, UKSPF and North Shields 800.

74 advice sessions | 50 organisations supported | 5 Meet the Funders | 1 Funding Fair

Our annual Funding Fair brought together **35 local organisations** and **10 funders** to discuss project ideas and gain valuable feedback on funding applications. Additional Meet the Funders sessions throughout the year helped organisations build relationships and better understand funders' priorities.

Case Study: Forward Assist: VODA provided funding advice, application support and connections to potential funders for Forward Assist, a charity supporting military veterans. Following this support, the organisation secured National Lottery funding for a new Veterans Community Hub, expanding support for veterans across the region. CEO Steve Doggett praised VODA's **"professional, approachable and really supportive"** guidance.

GOVERNANCE

Strong governance helps organisations thrive. We supported charities, community groups and social enterprises across North Tyneside with trustee development, policy reviews and governance advice.

A key highlight this year was supporting **the successful registration of NT LIFE Recovery College as an independent charity**. Having grown from a VODA project into a thriving organisation supporting mental health and wellbeing across North Tyneside, NT LIFE's transition to charitable status marks an exciting new chapter.

238 enquiries | 11 trustee training sessions | 50+ policies reviewed | 2 New Elements Intro Courses

> ***"Exactly what I needed and I have told all of the other trustees they need to come!"***
> **Trustee Training Feedback**

Case Study: Newcastle Fighters Academy CIC

Following an initial enquiry about funding opportunities, Newcastle Fighters Academy CIC received a range of support from VODA. This included an organisational health check, governance guidance, support with policy development, training opportunities and trustee training, helping the organisation strengthen its foundations and plan for future growth.

> ***"VODA has been a real support to our CIC, helping us with everything from grant application advice to free emergency first aid courses and much more."***
> Newcastle Fighters

Supporting the capacity of the voluntary sector

SPIRIT OF NORTH TYNESIDE HUB

The Community Hub has continued to be a valuable resource for North Tyneside's voluntary, community and social enterprise sector, providing a welcoming space for meetings, training, networking and community activities. Over the year, **17 new organisations joined VODA as members**. The hub **hosted 19 organisations through room hire**, with members benefiting from free room hire as part of their membership package, while **seven organisations made use of co-working** desks. Two dedicated volunteers also supported the smooth running of the hub through reception and administration duties, helping to ensure the space remained accessible, welcoming and well used by local organisations.

MARKETING & COMMUNICATIONS

Marketing and communications continued to raise VODA's profile and strengthen engagement across the VCSE sector through regular ebulletins, social media, website content and targeted campaigns. A new CEO Vlog was introduced to provide a new channel for sharing organisational updates and sector insight, while communications support for the Elements Partnership included **a new campaign toolkit and social media content** to help promote training opportunities across the sector. A **new VODA member welcome pack** was introduced, helping organisations make the most of their VODA membership.

Increased engagement
Ebulletin opens +35%
Social followers +13%
Social Interactions +26%
Website Engagement +40%
2,012 CEO Vlog views

ELEMENTS TRAINING PORTAL

The past year has been one of significant growth for the Elements Training Partnership, which expanded to include **Inspire South Tyneside, Sunderland VSA, Durham Community Action and Community Action Northumberland.** By working together, partners have been able to reach more voluntary and community organisations across the North East, while expanding the range of training available through the platform.

During 2025/26, the platform recorded more than **1,100 enrolments**, with Adult Safeguarding Essentials remaining the most popular course. **Two new courses were introduced**: An Introduction to Working With Young Volunteers and An Introduction to the Roles of Chair, Treasurer and Secretary. We were particularly proud that the young volunteer course was developed and delivered with support from local young volunteers from The Key.

1100+ Course Completions

7 North East LIOs

81% Learned Something New

Feedback from learners continues to be overwhelmingly positive, Users particularly valued the flexible online format, clear delivery and practical content, with many highlighting that free, high-quality training can be difficult to access.

> "Clear delivery, concise and accurate information."

> "I like that it's on video. I found this much more engaging than other e-learning I have undertaken."

Supporting the capacity of the voluntary sector

SECTOR CONNECTOR

Sector Connector had a record-breaking year, connecting businesses and community organisations to bring skills, resources and volunteering support into the sector. Alongside more than **13,000 corporate volunteering hours**, the programme delivered specialist workshops, free First Aid training from Rob Chambers of Hadrian Safety Management and a successful video podcast partnership with Heywood Production that helped charities raise their profile and reach new audiences. The project also supported the award-winning BT and EE Community Challenge partnerships (see page 3).

1,774 corporate volunteers 13,000+ hours

£15K+ invested or donated to local VCSE

19 workshops delivered by 11 businesses

Free first aid training saved VCSE £2,340

177 attendees - 54 hours of training

£7200 support = 3 new VCSE YouTube channels

Case Study: Crawford Park Bowling

Thanks to connections made by Sector Connector, volunteers from EE & Lookers carried out painting and refurbishment work that improved the club's facilities and delivered improvements that would otherwise have been difficult to achieve.

> ***"The support we received from Sector Connector has been outstanding. We certainly could not have achieved what has been done this year without their help."***

FINANCE SUPPORT

VODA's Finance Team continued to provide specialist support to VCSE organisations, helping **37 organisations with salaries and pensions**, completing **34 Independent Examinations** and supporting **9 organisations to set up and use QuickBooks**. The team also provided advice on budgets, policies, Gift Aid and HMRC matters, alongside managing VODA's finances and coordinating finance for the six-partner UK Shared Prosperity Fund programme.

> ***"Being able to email or call the VODA team and quickly get accurate financial figures or help with budgets is invaluable."***
>
> Luke Johnston Phoenix Detached Youth Project

> ***"The team are always helpful and responsive, answering all of our questions and ensuring our Accounts are compliant and accurate."***
>
> Elaine Slater Tyneside Women's Health

In March, Colin Bell retired after 13 years with VODA, bringing VODA's payroll service to a close. Colin provided payroll support and advice to many VCSE organisations and we wish him a happy retirement.

LIVING WELL NORTH TYNESIDE

Living Well North Tyneside continued to help residents find local support, services and community opportunities. During 2025/26, the website attracted 24,000 active users, including **13,000 new users**, generating **78,000 page views**. The directory featured **321 organisations, 463 services and 140 activities**, making it easier for people to access information and support. Social media channels also helped connect with local audiences, **reaching over 1,600 followers** across Facebook and Instagram and generating almost **2,000 YouTube views**.

Supporting people to contribute to their community

GOOD NEIGHBOURS

VODA's Good Neighbours project provides practical, volunteer-led support to North Tyneside residents who need a helping hand to remain independent at home. Through support such as grocery shopping, gardening and odd jobs, volunteers help residents to continue living independently and access the things they need day to day. This can also help **reduce isolation and provide reassurance that support is available when it is needed most.**

During the year, we introduced a new volunteer training programme to ensure our volunteers felt confident and well supported. The Good Neighbours referral process was updated to improve safeguarding and streamline access to support. We also initiated a Good Neighbours rebrand, which will be launched in the 2026/2027 reporting period and will better reflect the service's purpose and the contribution of the volunteers.

Our annual gardening season once again proved popular, with volunteers completing **11 garden tidy-ups** between April and September. One resident on the Marden Estate was able to safely enjoy his garden again after volunteers cleared overgrown weeds and hedges that had made access difficult. **Local Explorer Scouts also contributed more than 32 volunteer hours**, helping create safe, tidy and welcoming outdoor spaces for residents across the borough.

Over the past year, Good Neighbours has achieved:

- **625 Shopping Trips**
- **22 Active Volunteers**
- **50 Residents Supported**
- **788 Volunteer Hours**
- **70 DIY/ Gardening Missions**
- **647 Acts of Kindness**

SETTLE AT HOME

During its final six month period, Settle at Home helped people make a safe and supported transition from hospital to home. Working with hospital teams and volunteers, the project provided practical support, reassurance and social connection to help people regain confidence and independence after discharge.

Up to the end of September 2025, the service received **17 referrals**, made **31 contacts**, completed **6 home visits** and was **supported by 9 volunteers**. Funding for the project ended in August 2025. The project demonstrated the valuable role volunteers can play in helping people remain independent and connected after discharge.

Supporting people to contribute to their community

366 families peer supported over 172 drop-ins

NT LIFE RECOVERY COLLEGE

2025/26 marked a significant milestone for NT LIFE as the organisation became a registered charity and prepared for full independence from VODA in 2026/27. Having grown from a VODA project into a thriving charity, NT LIFE has established its own identity while continuing to support mental health, wellbeing and recovery across North Tyneside.

367 Referrals

125 Courses

4705 learning hours

2605 course attendances

15 Micro-Volunteers

During the year, NT LIFE strengthened partnerships with health, education and community organisations, moved into new central premises and launched a new website - ntlife.org.uk - creating strong foundations for its next chapter. Demand for services continued to grow, reflecting the value of NT LIFE's unique approach to supporting people on their recovery journey.

> **Before attending NT LIFE I had completely given up and struggled with suicidal thoughts. NT LIFE has helped me understand my feelings, learn coping skills and, after two years, I now have hope for the future.**

BEST START

Supporting new parents can make a lasting difference to the health and wellbeing of both babies and families. Best Start continued to provide a welcoming space where families could access breastfeeding support, connect with other parents and build confidence during their parenting journey. Working closely with the North Tyneside Infant Feeding Team and local partners, the project helped families access trusted advice while reducing isolation and improving wellbeing.

Best Start recorded **558 attendances across its community groups** and celebrated **World Breastfeeding Week** with events that brought families together while promoting health and wellbeing, including baby massage in the park. Parents consistently reported that the support helped them continue breastfeeding, with around **70% saying Best Start had helped them breastfeed for longer.**

> **Attending this group helped build my confidence in my ability to feed my baby. This led to me going from combination feeding to exclusively breastfeeding.**

Volunteers remained at the heart of the project. An average of four volunteers supported sessions throughout the year, contributing **168 hours** of their time to help parents feel welcomed, listened to and supported. Two volunteers also completed **Peer Supporter Training**, helping to strengthen the project's capacity and ensure families can continue to benefit from high-quality peer support.

Supporting people to contribute to their community

HELP ME BE DIGITAL

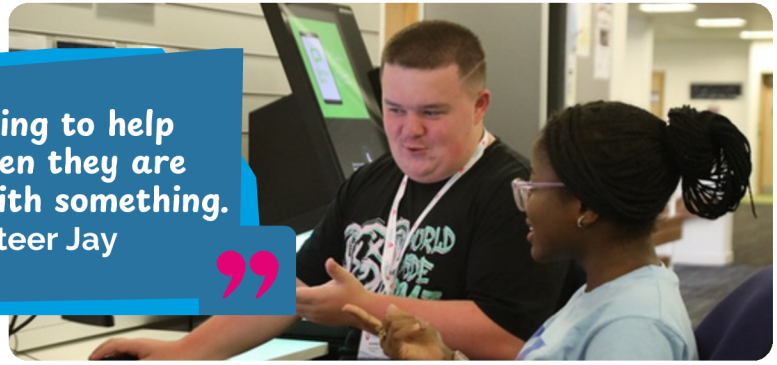

The 2025/26 year saw the conclusion of Help Me Be Digital, a project that helped residents across North Tyneside build the confidence and skills needed to participate in an increasingly digital world. Through volunteer-led drop-ins, home visits, NHS App support sessions, Techy Tea Parties and community outreach, the project provided **practical, personalised support to people facing digital exclusion.**

453 resident engagements

758 volunteer hours

68 resident home visits

123 community drop-in sessions

> **"It's fulfilling to help people when they are struggling with something."**
> Volunteer Jay

Beyond developing digital skills, the project helped reduce anxiety, improve wellbeing and build confidence. **Residents reported feeling more independent and able to manage appointments, bills, online shopping and access to information.** The project also strengthened community connections, with volunteers forming trusted relationships that helped people feel supported and included.

DISCOVERME

Discover Me gives young people a place to belong, build confidence and connect with others. Delivered across North Shields, Whitley Bay, Wallsend and Howdon, **the project continued to evolve in response to young people's ideas**, introducing new activities including Rock It Out, a music-based group, and Channel Surfers, a documentary discussion group. Additional sports sessions were also delivered in partnership with US Active, while the project's ongoing work with Longbenton High School provided a supportive, non-clinical space where young people could improve wellbeing, build resilience and strengthen social connections.

> ***"Students tell us these sessions are the highlight of their week and that they actually make them look forward to school."***
> Longbenton High School

Volunteers played a central role in the project's success, contributing 259 hours of support and helping to shape activities, welcome new participants and share their own experiences. **Rock It Out Co-Facilitator Alec was recognised with VODA's Volunteer of the Year Award** at the 2025 AGM. Several volunteers also progressed into education, training and employment, demonstrating the project's role in building skills, confidence and aspirations.

Young people consistently reported feeling more confident, less isolated and better able to engage with others, with **many describing Discover Me as an important source of friendship, routine and support.**

Supporting people to contribute to their community

GROW & EAT

This year, Grow & Eat focused on building a lasting legacy by supporting community gardens, growing projects and residents to take the lead in creating greener, more connected neighbourhoods. Alongside community sessions and network activities, a new Front Garden Pilot Scheme **encouraged residents to transform their own outdoor spaces** and strengthen connections with neighbours.

The annual Garden Crawl continued to grow, **showcasing six local community gardens** and inspiring a dedicated group of volunteers to begin planning the next event. The Grow & Eat network also expanded, connected with new partners, delivered training and promoted local opportunities through a digital map showcasing 22 community gardens.

> **It has been lovely to be part of the scheme as it's been nice to speak to neighbours.**
> Sarah B, front garden scheme participant.

VOLUNTEER CENTRE

VODA's Volunteer Centre continued to help people find meaningful opportunities to give their time, develop new skills and support local communities. Throughout the year, we worked with organisations and volunteers across North Tyneside to strengthen volunteering opportunities and remove barriers to participation.

Alongside promoting volunteer opportunities, we supported the Volunteer Network, **worked with ESOL learners**, delivered family volunteering activities, trialled an online Volunteer Fair, and **produced multilingual videos** explaining volunteering in 12 languages to help reach new audiences.

161 Volunteer Opportunities

752 Volunteer Referrals

20 Micro Volunteering Sessions

Volunteer Video translated to 12 Languages

The year also saw the successful completion of the UK Shared Prosperity Fund (UKSPF) Volunteering and Social Action Project, which enabled us to **engage more residents** and **celebrate the contribution volunteers make to communities** across the borough.

Family Volunteering

We delivered two family volunteering events, helping children and parents give back to their communities together while discovering the benefits of volunteering from an early age.

Supporting organisations and communities to come together

UKSPF VOLUNTEERING & SOCIAL ACTION

The 2025/26 year marked the conclusion of VODA's three-year UK Shared Prosperity Fund Volunteering and Social Action Project. As part of its legacy, VODA worked with residents, volunteers and community organisations to create **Welcome to North Tyneside**, a guide designed to help people new to the borough discover local venues, attractions, nature walks and community opportunities.

Drawing on recommendations from local people, the booklet celebrates the places and organisations that make North Tyneside a welcoming place to live. Printed copies have been distributed through libraries and community hubs across the borough. To mark the launch, **VODA also organised a series of community discovery trips**, giving participants the opportunity to explore local organisations, community spaces and places of interest while **building connections within their new communities.**

Volunteer Case Study: Sadiq Rehan

Volunteer Sadiq Rehan used his photography and video editing skills to support the project, helping to showcase local organisations, document activities and contribute to the development of the booklet.

> *"I believe in the significance of supporting and strengthening communities. Seeing how small acts of kindness can significantly impact someone's life inspires me to contribute my time and effort."*
>
> Sadiq Rehan

UKSPF COMMUNITY PARTNERSHIPS

Over the last three years, VODA has played a key role in supporting the delivery of the £1.5 million UK Shared Prosperity Fund Community Partnerships programme across Burradon, Camperdown and Longbenton. Working alongside North Tyneside Council and the 15 funded VCSE organisations and groups, we provided practical support, facilitated connections and helped organisations strengthen their capacity, sustainability and community impact.

Funded organisations consistently highlighted the value of support provided by North Tyneside Council and VODA, emphasising the positive impact of collaborative working, accessible staff and well-facilitated connector events. This strengthened relationships and encouraged shared learning.

Over the past three years, the project has achieved:

200+ Volunteer Roles Created

15 Organisations Supported

86% of partnerships Continuing

100+ people gained new skills

Final UKSPF Celebration Event

Supporting organisations and communities to come together

MENTAL HEALTH ALLIANCE

The North Tyneside Mental Health Alliance continued to bring together organisations from across the voluntary, community, health, social care and education sectors to improve mental health support for local people. This year saw the launch of the **MHA: Cross Sector Providers' Network**, creating a new space for professionals to share information, hear from guest speakers and develop collaborative approaches to supporting residents.

The Alliance also continued to influence local mental health developments through its representation on the **Community Mental Health Transformation Steering Group** and **Safe Haven Steering Group**, ensuring the voice of the VCSE sector remains part of strategic conversations.

> **The Alliance is such an amazing support, and the network has made our mobilisation into North Tyneside much easier.**
>
> Autism in Mind

Membership increased from 48 to 73 organisations

9 Funded Training Workshops for 107 People

100% of attendees found training useful

3 Cross Sector Providers Networks with 87 attendees

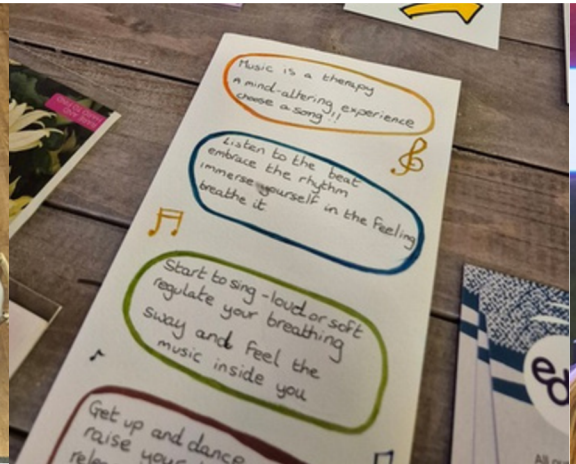

36% increase in subscribers to monthly MHA ebulletin

50+ members, partners & stakeholders at annual MHA event

In November 2025, the Alliance welcomed more than 50 members, partners and stakeholders to its **annual Networking Event** at The Exchange. The event provided valuable opportunities for networking, discussion and learning, with attendees praising the balance of presentations, lived experience contributions and group discussions.

> **I've been able to connect with members from the Alliance to work collaboratively on projects which wouldn't have happened without being part of the Alliance. It's such a valuable opportunity to network and connect.**

Representation

A key part of VODA's role is ensuring North Tyneside's voluntary, community and social enterprise sector has a strong voice in the decisions that affect our organisations and communities.

Throughout 2025/26, we represented the sector at strategic meetings locally, regionally and nationally, covering areas including health and wellbeing, poverty, safeguarding, culture, skills and economic development. These opportunities enabled us to raise issues affecting local organisations, share the sector's expertise and help shape future plans and services.

Our CEO, Vicky Smith, represented the sector nationally at the **Community Wealth Building Summer 2025** event in Manchester, while VODA also hosted a **regional roundtable for the North East Combined Authority** on the future of our high streets.

Closer to home, we relaunched the **VCSE Leaders Forum**, creating a regular space for sector leaders to discuss shared challenges, strengthen collaboration and identify opportunities to work together.

Giving The Sector a Voice

- NECA VCSE Leadership Board
- North Tyneside Business Forum
- VCSE Leaders Forum
- North Tyneside Strategic Partnership
- Poverty Intervention Partnership Board
- Poverty Intervention Network
- North Tyneside Safeguarding Adults Board
- North Tyneside Community Mental Health Transformation Programme
- NENC VCSE Partnership Programme Executive Group
- North Tyneside Cultural and Food Partnerships
- Northumbria NHS Trust Council of Governors
- Community Wealth Building Summit 2025

New Training & Handbook

NEW VOLUNTEER TRAINING

We want every VODA volunteer to feel confident, supported and equipped to make a difference. This year, we strengthened the volunteer journey with a new mandatory training programme covering safeguarding, professional boundaries, lone working and data protection, alongside project-specific training.

The programme gives volunteers a consistent foundation while creating opportunities to meet, share experiences and learn from one another across VODA. We also introduced Volunteer Safe and Well WhatsApp groups to support those working independently.

Together, these changes create a safer, more connected and supportive volunteer experience.

NEW MEMBERS' HANDBOOK

January 2026 saw the launch of VODA's new Members' Handbook, designed to help VCSE organisations make the most of their free membership. Bringing together everything members need to know about VODA's support, the handbook covers governance, funding, volunteering, training, events and networking opportunities.

It also highlights the wider benefits of membership, including meeting space, podcasting opportunities and collaboration, helping members connect, build capacity and play an active part in North Tyneside's VCSE community.

VODA Trustees

OUR TRUSTEES

VODA is governed by an elected Board of Trustees who hold overall responsibility for the charity, its assets and its finances. Meeting every two months, our Trustees play a vital role in shaping VODA's vision, setting a clear strategy, and ensuring we have the resources needed to deliver our objectives.

Their active contribution, expertise and commitment are central to VODA's continued success, and we are deeply grateful for the time and support they give.
